ONLINE WORKSHOPS
at The Institute of Applied Agriculture

Are you a green industry professional and need to expand your expertise and training?

The Institute of Applied Agriculture (IAA) at the University of Maryland College Park, offers online training for green industry professionals. These online non-credit courses meet Maryland Department of Agriculture’s (MDA) education requirement. Each class is accepted by MDA in lieu of six months of experience.

COST:*$400 each for Pesticide Use and Safety, and Insects of Ornamentals and Turfgrasses. Turfgrass Management is $450.

DATES: Fall courses begin the last week of August and run for 15 weeks. Spring courses begin mid-January and run for 15 weeks.

GRADING: These courses are graded on a pass/fail basis. To pass a student must earn a minimum grade of 70%. Some exams may require a proctor.

*Fees are non-refundable unless the Institute of Applied Agriculture cancels the course.
