Summer Internship Scholarship Application

This application is intended solely for tuition assistance involved with INAG288 taken in summer sessions. Tuition for INAG288 can be a significant burden for some IAA students and is frequently not covered by other financial aid packages. Some internships are part-time or unpaid increasing the financial need. While award decisions are based on merit and need, financial need is weighted heavily for summer scholarships. Please be specific with budget and financial sections. **DUE by the last day of SPRING SEMESTER.**
